WORK EXPERIENCE

Mental Health Nurse

2020-2023

Mental Health Institute

- Assessed patients with mental health disorders and developed individualized treatment plans.
- Provided therapeutic interventions and crisis management in high-stress situations.
- Conducted group therapy sessions to promote peer support and recovery.
- Collaborated with psychiatrists and social workers to optimize patient care.
- Educated families about mental health conditions and available resources.
- Participated in quality improvement projects to enhance patient care services.

Psychiatric Nurse

2019-2020

Community Mental Health Center

- Provided direct patient care in an inpatient psychiatric unit.
- Monitored patient behavior and medication adherence, reporting any concerns.
- Facilitated individual therapy sessions focusing on coping strategies.
- Collaborated with multidisciplinary teams to develop comprehensive care plans.
- Educated patients on mental health management and self-care techniques.
- Assisted in the development of community outreach programs aimed at reducing stigma.

ACHIEVEMENTS

- Received 'Excellence in Care' award for outstanding mental health services.
- Improved patient satisfaction scores by implementing a feedback system.
- Successfully led a community initiative that raised awareness about mental health issues.
