- Developed a training program for new forensic evaluators, improving assessment accuracy by 35%.
- Authored a widely used textbook on forensic psychiatric evaluation techniques.

Michael Anderson

FORENSIC PSYCHIATRIST

Experienced Clinical Psychiatrist with a strong background in forensic psychiatry, having worked for over 9 years in legal settings to provide expert evaluations and testimony. My expertise lies in the intersection of mental health and law, where I assess individuals involved in legal cases, including competency evaluations and risk assessments. I am skilled at articulating complex psychiatric concepts in layman's terms, making my insights accessible to legal professionals and juries.

EXPERIENCE

FORENSIC PSYCHIATRIST

Justice Mental Health Services

2016 - Present

- Conducted over 150 forensic evaluations per year for criminal and civil cases.
- Provided expert testimony in court, influencing case outcomes positively.
- Collaborated with legal teams to develop defense strategies based on psychiatric evaluations.
- Trained clinicians on forensic assessment best practices.
- Participated in interdisciplinary meetings to discuss case strategies.
- Published articles on forensic psychiatry in recognized journals.

STAFF PSYCHIATRIST

State Mental Health Facility

2014 - 2016

- Conducted comprehensive psychiatric evaluations and risk assessments for patients in legal custody.
- Implemented treatment plans for patients with dual diagnoses.
- Collaborated with legal representatives to ensure accurate reporting of mental health status.
- Facilitated training sessions for legal professionals on understanding mental illness.
- Participated in case reviews to improve treatment outcomes.
- Engaged in community outreach to educate the public on mental health issues.
