Michael Anderson

COMPLIANCE ANALYST

Clinical Research Compliance Specialist with over 6 years of experience in the academic research sector. I have a strong foundation in ensuring that clinical studies comply with both institutional policies and federal regulations. My expertise includes conducting compliance audits, developing training programs, and serving as a liaison between research teams and regulatory bodies.

EXPERIENCE

COMPLIANCE ANALYST

University Research Institute

2016 - Present

- Conducted compliance audits of clinical trials to ensure adherence to institutional and federal regulations.
- Developed and implemented training programs focused on compliance and ethical research practices.
- Collaborated with investigators to review trial protocols for compliance with regulations.
- Served as a primary contact for regulatory inquiries and compliance issues.
- Monitored compliance metrics and prepared reports for university stakeholders.
- Maintained detailed documentation of compliance activities for regulatory review.

RESEARCH COMPLIANCE COORDINATOR

Clinical Research Center

2014 - 2016

- Managed compliance activities for clinical research studies, ensuring adherence to ethical guidelines.
- Conducted site visits to monitor compliance with study protocols and provide guidance.
- Reviewed informed consent forms for clarity and compliance with ethical standards.
- Prepared compliance reports and presented findings to the research oversight committee.
- Collaborated with multidisciplinary teams to address compliance-related challenges.
- Maintained current knowledge of regulatory changes impacting clinical research.
