MICHAEL ANDERSON

CLINICAL RESEARCH ASSOCIATE

Dedicated Clinical Research Operations Specialist with 5 years of experience in the biotech sector. Strong background in managing clinical trials with a focus on innovative therapies and patient-centric approaches. Proven skills in regulatory compliance and data management, contributing to successful trial outcomes. Adept at building collaborative relationships with study teams, vendors, and stakeholders.

PROFESSIONAL EXPERIENCE

Innovative Biotech Corp.

Mar 2018 - Present

Clinical Research Associate

- Monitored clinical trial sites to ensure compliance with protocols and regulations.
- Collaborated with investigators and coordinators to facilitate study initiation.
- Utilized electronic data capture systems for accurate data collection.
- Conducted training sessions for site staff on data entry and protocol adherence.
- Identified and resolved data discrepancies in collaboration with the data management team.
- Prepared site visit reports and communicated findings to project leads.

Health Solutions Agency

Dec 2015 - Jan 2018

Clinical Trials Intern

- Assisted in the coordination of Phase I clinical trials for novel therapies.
- Supported data entry and management under the supervision of senior staff.
- Participated in patient recruitment and screening processes.
- Helped prepare study documentation for regulatory submissions.
- Conducted literature reviews and assisted in developing study protocols.
- Engaged in team meetings to discuss project updates and challenges.

ACHIEVEMENTS

- Contributed to the successful completion of a key clinical trial ahead of schedule.
- Received commendation for dedication and proactive problem-solving during internships.
- Improved data accuracy rates by 20% through meticulous monitoring practices.
