MICHAEL ANDERSON

DIRECTOR OF QUALITY ASSURANCE

Accomplished Clinical Research Quality Specialist with over 12 years of experience in the healthcare sector, focusing on the intersection of clinical research and regulatory compliance. My career has been marked by a commitment to improving clinical trial operations through rigorous quality assurance practices. I have led initiatives that have significantly improved data accuracy and patient safety across various clinical studies.

PROFESSIONAL EXPERIENCE

Global Med Research

Mar 2018 - Present

Director of Quality Assurance

- Oversaw the quality assurance department, implementing strategic initiatives that improved compliance rates by 50%.
- Designed and executed training programs for clinical researchers, enhancing their understanding of regulatory requirements.
- Conducted comprehensive audits of clinical trial sites, ensuring adherence to GCP and reducing findings by 60%.
- Collaborated with regulatory agencies during inspections, achieving successful outcomes with zero major findings.
- Developed risk management strategies that identified and mitigated potential compliance issues early in the trial process.
- Produced detailed reports on quality metrics for senior management review, driving data-driven decision-making.

Premier Clinical Trials

Dec 2015 - Jan 2018

Quality Assurance Officer

- Monitored clinical trial activities to ensure compliance with regulatory standards, improving overall quality scores by 30%.
- Assisted in the development of quality assurance policies and SOPs, fostering a culture of compliance.
- Facilitated internal and external audits, providing comprehensive documentation and support to auditors.
- Engaged with clinical teams to address quality concerns, leading to enhanced trial execution.
- Maintained a quality management system that tracked compliance issues and resolutions effectively.
- Provided regular updates to management on quality assurance activities and compliance status.

ACHIEVEMENTS

- Achieved the Best Quality Initiative Award for innovative approaches to quality assurance in clinical trials.
- Implemented a new quality assurance framework that increased compliance by 70% in the first year.
- Presented at international conferences on advancements in clinical research quality assurance, enhancing professional reputation.
