### SKILLS

- Biomedical Device Management
- Equipment Maintenance
- Patient Safety
- Troubleshooting
- Staff Training
- Regulatory Compliance

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN BIOMEDICAL  
ENGINEERING, UNIVERSITY OF  
TECHNOLOGY**

### ACHIEVEMENTS

- Improved equipment uptime by 20% through effective maintenance protocols.
- Recognized for developing a training program that enhanced staff knowledge on equipment safety.
- Contributed to a successful accreditation process by ensuring all equipment met regulatory standards.

### WORK EXPERIENCE

#### CLINICAL TECHNOLOGIST

Critical Care Hospital

2020 - 2025

- Managed the maintenance and calibration of critical care medical devices.
- Trained nursing staff on the safe use of ventilators and monitoring equipment.
- Conducted troubleshooting and repairs to minimize equipment downtime.
- Developed preventive maintenance schedules that reduced equipment failure rates by 15%.
- Collaborated with clinical teams to ensure readiness of equipment for patient care.
- Monitored compliance with safety standards and regulations.

#### BIOMEDICAL TECHNICIAN

Life Support Solutions

2015 - 2020

- Performed routine maintenance on biomedical equipment in clinical settings.
- Assisted in the evaluation and selection of new medical devices for purchase.
- Documented maintenance activities and equipment performance for quality assurance.
- Engaged in troubleshooting to resolve technical issues quickly.
- Coordinated with suppliers for timely repairs and replacements of equipment.
- Educated staff on compliance with safety protocols and equipment handling.
