# Michael Anderson

## LARGE ANIMAL VETERINARIAN

Experienced Clinical Veterinarian with a focus on large animal medicine and agriculture. Over 9 years of experience in providing veterinary services to livestock, including preventative care, emergency services, and herd health management. I have extensive knowledge of animal husbandry and agricultural practices that enhance animal welfare and productivity. My commitment to animal health extends to educating farmers and ranchers about disease prevention and proper animal care.

## EXPERIENCE

### LARGE ANIMAL VETERINARIAN

Farm & Field Veterinary Services

2016 - Present

- Provided medical care and treatment to livestock, including cattle and horses.
- Conducted routine health assessments and vaccinations for herds.
- Developed herd health management plans to prevent disease outbreaks.
- Assisted in implementing biosecurity measures on farms.
- Educated farmers on best practices for animal health and nutrition.
- Responded to emergency calls for acute medical issues in livestock.

### VETERINARY INTERN

Rural Animal Health Center

2014 - 2016

- Assisted in providing veterinary care to farm animals under supervision.
- Learned about herd management practices and disease prevention.
- Participated in field visits to assess animal health on farms.
- Gained experience in surgical procedures and emergency care.
- Shadowed senior veterinarians to enhance clinical skills.
- Helped maintain accurate medical records for animals under care.
