

MICHAEL ANDERSON

CLOUD AI DEVELOPER

PROFILE

Enthusiastic Cloud AI Platform Engineer with 5 years of experience in the tech industry, particularly in developing AI applications on cloud platforms. I specialize in utilizing Google Cloud services to create scalable machine learning models that drive business value. My background in software development complements my focus on AI, allowing me to build robust and efficient applications.

EXPERIENCE

CLOUD AI DEVELOPER

Innovatech Solutions

2016 - Present

- Developed and deployed machine learning models on Google Cloud Platform, reducing processing time by 20%.
- Collaborated with cross-functional teams to enhance the functionality of cloud-based applications.
- Implemented monitoring systems for AI applications to ensure performance and reliability.
- Utilized TensorFlow and BigQuery for data analysis and model training.
- Participated in code reviews to ensure code quality and best practices.
- Conducted workshops on machine learning for team members.

SOFTWARE ENGINEER

Tech Solutions LLC

2014 - 2016

- Designed and developed web applications leveraging cloud technologies for scalability.
- Worked on integrating APIs with cloud services to enhance application capabilities.
- Improved application performance by refactoring code and optimizing database queries.
- Participated in the full software development lifecycle, from requirements gathering to deployment.
- Assisted in the transition of legacy systems to cloud-based solutions.
- Developed unit tests to maintain high code quality and reliability.

SKILLS

- Google Cloud
- TensorFlow
- Python
- Agile
- REST APIs
- Data Analysis

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN
INFORMATION TECHNOLOGY,
UNIVERSITY OF CALIFORNIA, BERKELEY

ACHIEVEMENTS

- Received 'Employee of the Month' for outstanding performance in project delivery.
- Successfully led a team project that increased application efficiency by 15%.
- Completed Google Cloud Professional Data Engineer certification.
