EDUCATION

BACHELOR OF SCIENCE IN
INFORMATION TECHNOLOGY, TECH
UNIVERSITY, 2016

ACHIEVEMENTS

- Recognized as 'Employee of the Month' twice for outstanding performance and contributions.
- Implemented a new cloud monitoring system that reduced response time to incidents by 30%.
- Contributed to a project that won the 'Best Innovation' award at the annual company meeting.

PROFILE

Versatile Cloud Application Developer with 5 years of experience in building and maintaining cloud-based applications in fast-paced environments. Strong expertise in utilizing modern frameworks and tools to create efficient and maintainable code. A proactive team player with a keen ability to troubleshoot and resolve technical issues. Skilled in collaborating with stakeholders to deliver solutions that meet user needs while ensuring compliance with industry standards and regulations.

EXPERIENCE

CLOUD DEVELOPER

NextGen Technologies

2016 - Present

- Developed and deployed applications on Google Cloud Platform, resulting in 20% faster load times.
- Collaborated with UX designers to implement user-friendly interfaces for cloud-based applications.
- Participated in Agile sprints, contributing to planning and review meetings.
- Enhanced system security by integrating OAuth 2.0 for user authentication.
- Utilized Terraform for infrastructure as code, improving deployment consistency.
- Provided technical support and maintenance for cloud applications, achieving a customer satisfaction score of 95%.

JUNIOR CLOUD ENGINEER

Innovatech Solutions

2014 - 2016

- Assisted in the migration of on-premise applications to AWS, reducing operational costs by 15%.
- Monitored application performance using CloudWatch, identifying and addressing bottlenecks.
- Developed scripts for automating cloud resource provisioning, saving 10 hours of manual work per week.
- Supported the implementation of backup and disaster recovery solutions for cloud environments.
- Engaged in troubleshooting efforts, resolving issues promptly to maintain service levels.
- Contributed to team knowledge sharing sessions, enhancing overall team capabilities.
