EXPERTISE SKILLS

- AWS
- RESTful APIs
- Agile
- CI/CD
- Python
- Java
- Performance Testing
- Cloud Security
- Docker
- Git

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Software Engineering, University of Innovations, 2015

MICHAEL ANDERSON

CLOUD APPLICATION DEVELOPER

Motivated Cloud Application Developer with a strong background in software engineering and cloud technologies. Over 6 years of experience in developing cloud applications that enhance business efficiency and user experience. Expertise in various programming languages and frameworks, with a focus on creating scalable and secure applications. Proven ability to work in agile environments and adapt to changing priorities.

PROFESSIONAL EXPERIENCE

Digital Solutions Corp.

Mar 2018 - Present

Cloud Application Developer

- Designed and developed cloud-based applications using AWS, increasing user engagement by 40%.
- Executed data migration projects, ensuring data integrity and minimal downtime.
- Collaborated with DevOps teams to automate deployment processes, improving release cycles by 25%.
- Utilized RESTful APIs to integrate third-party services into applications.
- Conducted performance testing and optimization, reducing latency by 15%.
- Documented application architecture and design decisions for future reference.

Creative Tech Solutions

Dec 2015 - Jan 2018

Software Developer

- Developed web applications with cloud integration, leading to a 20% increase in client satisfaction.
- Participated in code reviews, ensuring adherence to best practices and coding standards.
- Implemented monitoring tools to track application performance and user feedback.
- Worked with cross-functional teams to gather requirements and deliver solutions on time.
- Trained new hires on cloud technologies and application development processes.
- Contributed to the development of internal tools that improved team productivity.

ACHIEVEMENTS

- Awarded 'Best Project' for leading a successful cloud application rollout that exceeded performance metrics.
- Increased application efficiency by 30% through optimization techniques.
- Recognized for outstanding teamwork and collaboration in cross-departmental projects.
