## WORK EXPERIENCE

### Cloud Architect

2020-2023

EduTech Innovations

- Designed and implemented cloud-based learning management systems for educational institutions.
- Collaborated with educators to tailor cloud solutions to curriculum needs.
- Optimized cloud environments to support increased user traffic during peak learning times.
- Developed security measures to protect student data and ensure compliance.
- Conducted webinars to train educators on utilizing cloud technologies effectively.
- Created documentation for cloud architecture and user manuals for educators.

### Cloud Engineer

2019-2020

Learning Solutions Corp.

- Assisted in the migration of legacy educational software to the cloud.
- Worked with development teams to integrate cloud features into educational tools.
- Monitored application performance and provided recommendations for improvements.
- Supported the development of user training materials for cloud applications.
- Participated in user feedback sessions to enhance cloud offerings.
- Conducted security audits to ensure safe data handling in cloud systems.

## ACHIEVEMENTS

- Increased student engagement by 40% through improved cloud solutions.
- Recognized for excellence in cloud project management in the education sector.
- Successfully launched a cloud-based platform that facilitated remote learning for over 5,000 students.
