MASTER OF SCIENCE IN CYBERSECURITY, UNIVERSITY OF WASHINGTON, 2015

ACHIEVEMENTS

- Reduced compliance audit findings by 40% through improved monitoring and training programs.
- Led the development of a cloud compliance framework adopted by multiple departments.
- Received the Innovation Award for implementing automation in compliance reporting.

PROFILE

Dynamic Cloud Compliance Engineer with over 5 years of experience in cloud infrastructure and regulatory compliance. Expertise in developing compliance strategies for cloud environments, particularly in the technology sector. Proficient in using compliance management tools to automate processes and monitor cloud security. Strong communicator with a talent for educating stakeholders on compliance issues and best practices.

EXPERIENCE

CLOUD COMPLIANCE ENGINEER

InnovateTech Inc.

2016 - Present

- Implemented compliance monitoring tools for AWS cloud infrastructure, enhancing real-time compliance reporting.
- Conducted regular vulnerability assessments and collaborated with engineering teams to address gaps.
- Developed and updated cloud security policies, ensuring alignment with best practices and regulatory requirements.
- Engaged with third-party vendors to assess compliance and mitigate risks associated with cloud services.
- Led training workshops on cloud compliance for technical and non-technical staff.
- Drafted compliance reports for senior management, highlighting risk assessments and remediation progress.

REGULATORY COMPLIANCE OFFICER

DataGuard LLC

2014 - 2016

- Analyzed cloud-based systems for compliance with PCI DSS and other relevant standards.
- Collaborated with internal teams to develop compliance training materials and resources.
- Managed compliance documentation and ensured timely updates as regulations evolved.
- Conducted risk assessments to identify vulnerabilities in cloud operations.
- Assisted in the preparation of compliance reports for audits and regulatory reviews.
- Provided guidance on cloud governance frameworks to stakeholders.
