**BACHELOR OF SCIENCE IN
INFORMATION TECHNOLOGY, TECH
UNIVERSITY**

ACHIEVEMENTS

- Increased client training satisfaction ratings to over 95% through effective teaching methods.
- Recipient of the 'Excellence in Teaching' award from City University.
- Authored a book on cloud computing best practices, widely used in academic courses.

PROFILE

Results-driven Cloud Computing Educator with extensive experience in both academia and industry. Having transitioned from a cloud solutions architect to an educator, I bring a unique perspective to the classroom, combining theoretical knowledge with practical experience. My teaching focuses on bridging the gap between cloud theory and real-world applications, ensuring my students not only understand the concepts but can also apply them effectively in their careers.

EXPERIENCE

CLOUD SOLUTIONS TRAINER

Innovate Tech Solutions

2016 - Present

- Delivered customized cloud training programs to enterprise clients, improving employee proficiency.
- Utilized modern training tools to facilitate interactive learning experiences.
- Assessed training needs and developed tailored curricula based on client requirements.
- Led hands-on workshops that resulted in a 30% increase in cloud adoption rates among participants.
- Provided ongoing support to trainees post-training to ensure successful implementation of skills.
- Gathered and analyzed feedback to continually enhance training effectiveness.

CLOUD COMPUTING LECTURER

City University

2014 - 2016

- Taught undergraduate and graduate courses in cloud computing and virtualization technologies.
- Developed course materials that aligned with industry standards and trends.
- Implemented project-based learning to enable students to work on real cloud deployment scenarios.
- Organized guest lectures with industry leaders to provide insights into current practices.
- Conducted research on cloud technology advancements, contributing to academic publications.
- Mentored students in cloud-related projects, resulting in several successful capstone presentations.
