Ambitious Cloud Governance Specialist with a focus on driving cloud transformation initiatives. With over 4 years of experience in cloud governance and compliance, I have successfully developed and implemented governance frameworks that promote strategic cloud usage while ensuring compliance with industry regulations. My technical background allows me to understand complex cloud architectures and the associated risks and compliance requirements.

WORK EXPERIENCE

Cloud Governance Specialist | NextWave Technologies   Jan 2022 – Present

- Developed cloud governance frameworks that increased compliance by 30%.
