Michael Anderson

SENIOR CLOUD IDENTITY ENGINEER

Proactive Cloud Identity Engineer with a robust background in managing identity and access controls in the telecommunications sector. Over 9 years of experience in developing and implementing IAM solutions that secure sensitive customer data. Demonstrated ability to lead cross-functional teams in cloud integration projects and identity governance initiatives. Strong understanding of regulatory compliance and risk management, with a focus on improving user experience while maintaining security.

EXPERIENCE

SENIOR CLOUD IDENTITY ENGINEER

Telecom Innovations Ltd.

2016 - Present

- Designed and implemented IAM solutions for over 5 million users across multiple platforms.
- Led a project that integrated IAM systems with cloud services, enhancing security and scalability.
- Conducted training sessions for security teams on identity management tools and practices.
- Monitored IAM systems for potential security breaches and vulnerabilities.
- Developed incident response strategies for identity-related security incidents.
- Participated in compliance audits, achieving 100% adherence to industry standards.

IAM ANALYST

SecureTel Solutions

2014 - 2016

- Assisted in the implementation of identity management projects for enterprise clients.
- Evaluated existing IAM processes and provided recommendations for improvements.
- Supported the development of security policies and procedures.
- Conducted vulnerability assessments on IAM systems.
- Facilitated workshops for end-users on IAM best practices.
- Maintained documentation of IAM processes and systems.
