- 📍 San Francisco, CA

SKILLS

- Cloud Infrastructure
- Automation
- Networking
- Security
- Project Management
- Technical Support

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY, STATE UNIVERSITY

ACHIEVEMENTS

- Recognized for improving cloud system performance metrics by 30% through optimization initiatives.
- Successfully implemented a cloud security framework that enhanced data protection.
- Led a project team in achieving a 15% increase in service delivery efficiency.

PROFILE

Results-driven Cloud Network Engineer with 5 years of experience specializing in cloud infrastructure management and optimization. Expertise in developing automated solutions to streamline network operations in high-availability environments. Proven track record in enhancing cloud security measures and implementing data protection strategies. Strong analytical skills with a focus on solving complex networking challenges, ensuring seamless connectivity and operational efficiency.

EXPERIENCE

CLOUD NETWORK ENGINEER

Innovatech Solutions

2016 - Present

- Architected and implemented cloud network solutions that increased uptime by 25%.
- Developed automation scripts to streamline network monitoring processes.
- Conducted in-depth security audits, resulting in a 50% reduction in security incidents.
- Collaborated with development teams to enhance application deployment processes.
- Managed cloud service integration projects, ensuring alignment with business goals.
- Provided technical support and training to staff on cloud technologies.

JUNIOR NETWORK ENGINEER

NextGen Networks

2014 - 2016

- Assisted in the migration of legacy systems to cloud-based infrastructure.
- Supported the monitoring of cloud network performance and reliability.
- Participated in troubleshooting and resolving network issues in a timely manner.
- Documented network configurations and changes for compliance purposes.
- Engaged in continuous learning to stay current with cloud technologies.
- Worked closely with senior engineers on network optimization projects.
