EDUCATION

BACHELOR OF SCIENCE IN INFORMATION SECURITY, TECHNOLOGY UNIVERSITY

ACHIEVEMENTS

- Achieved a 70% reduction in security incidents through proactive measures.
- Led a security project that enhanced compliance audits, resulting in zero findings.
- Received 'Security Excellence Award' for outstanding contributions to cloud security initiatives.

Dynamic Cloud Network Engineer with a strong focus on cybersecurity and cloud infrastructure resilience. Over 6 years of experience working with multinational corporations to enhance their cloud security posture. Proven expertise in implementing secure cloud networking solutions that comply with international standards. Highly skilled in risk management and threat mitigation, ensuring that cloud environments are safeguarded against emerging threats.

WORK EXPERIENCE

CLOUD SECURITY NETWORK ENGINEER
CyberTech Solutions

2020 - 2025

- Engineered secure cloud network architectures that met ISO security standards.
- Conducted vulnerability assessments, reducing potential threats by 60%.
- Developed incident response plans for cloud environments, enhancing readiness.
- Worked with cross-functional teams to embed security into cloud deployment processes.
- Provided training on cloud security best practices to technical staff.
- Established monitoring protocols to detect and respond to security incidents.

NETWORK SECURITY ENGINEER
Global Security Corp.

2015 - 2020

- Designed and implemented secure access protocols for cloud services.
- Managed security audits that ensured compliance with regulatory frameworks.
- Performed risk assessments and developed mitigation strategies for cloud services.
- Collaborated with engineering teams to secure cloud-based applications.
- Created documentation for security policies and procedures.
- Engaged in threat intelligence sharing with industry partners.
