### SKILLS

- AWS
- Azure
- Software Development
- Microservices
- CI/CD
- Performance Testing
- User Experience

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN SOFTWARE  
ENGINEERING, STATE UNIVERSITY,  
2016**

### ACHIEVEMENTS

- Recognized for outstanding project delivery with a 'Star Performer' award at Innovative Solutions Group.
- Increased application deployment frequency by 40% through efficient CI/CD practices.
- Successfully led a project that improved application security, which was highlighted in company newsletter.

### WORK EXPERIENCE

#### CLOUD APPLICATION ENGINEER

Innovative Solutions Group  
2020 - 2025

- Developed cloud-native applications using AWS services, improving application performance by 30%.
- Led the implementation of microservices architecture, enabling faster feature deployment.
- Improved application security by integrating AWS IAM policies and best practices.
- Collaborated with UX/UI designers to enhance user experience, resulting in a 25% increase in user retention.
- Conducted performance testing and optimization, reducing latency by 20%.
- Provided technical guidance to junior developers, fostering a culture of continuous improvement.

#### SOFTWARE DEVELOPER

TechVision Inc.  
2015 - 2020

- Contributed to the development of cloud-based software solutions, ensuring high quality and reliability.
- Worked with cross-functional teams to gather requirements and design cloud architecture.
- Utilized CI/CD practices to streamline the development process, reducing time to market by 15%.
- Participated in code reviews and implemented feedback to improve code quality.
- Engaged in continuous learning to stay updated with the latest cloud technologies and trends.
- Documented software functionalities and cloud deployment processes for future reference.
