## SKILLS

- AWS
- Azure
- Compliance
- Risk Management
- Security
- Automation

## EDUCATION

**BACHELOR OF SCIENCE IN  
CYBERSECURITY, FINANCIAL UNIVERSITY**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Successfully implemented a security framework that reduced incidents by 50%.
- Recognized for outstanding contributions to compliance initiatives.
- Led a project that enhanced the security posture of cloud applications.

# Michael Anderson

## CLOUD SECURITY ENGINEER

I am a Cloud Platform Engineer with 7 years of experience in the financial services industry, specializing in risk management and compliance solutions. My expertise lies in developing secure and compliant cloud architectures that meet stringent regulatory requirements. I have worked extensively with AWS and Azure, creating environments that support mission-critical applications while ensuring data integrity and security.

## EXPERIENCE

### CLOUD SECURITY ENGINEER

FinanceTech Solutions

2016 - Present

- Designed and implemented secure cloud environments compliant with financial regulations.
- Conducted security assessments and audits to identify vulnerabilities.
- Developed incident response plans to mitigate potential threats.
- Collaborated with cross-functional teams to enhance security protocols.
- Monitored cloud infrastructure for compliance with regulatory standards.
- Provided training on security best practices for cloud usage.

### CLOUD SOLUTIONS DEVELOPER

Banking Innovations Inc.

2014 - 2016

- Developed cloud-based risk management applications for financial institutions.
- Worked closely with compliance teams to ensure application adherence to regulations.
- Implemented automated monitoring solutions to detect anomalies in real-time.
- Contributed to the architecture of secure APIs for data exchange.
- Participated in code reviews to maintain security standards.
- Created documentation outlining cloud architecture and security measures.
