SKILLS

- Google Cloud
- Azure
- Terraform
- Python
- Flask
- Infrastructure as Code
- Monitoring

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING, TECH INSTITUTE

ACHIEVEMENTS

- Successfully led a project that migrated 200+ applications to cloud, improving efficiency.
- Recognized for outstanding performance in a cloud deployment initiative that exceeded expectations.
- Presented findings on cloud optimization at an industry conference, receiving positive feedback.

WORK EXPERIENCE

CLOUD INFRASTRUCTURE ENGINEER

NextGen Technologies

2020 - 2025

- Designed and implemented cloud infrastructure for enterprise applications, ensuring 99.9% uptime.
- Utilized Terraform to automate infrastructure provisioning, reducing deployment times by 50%.
- Collaborated with developers to create scalable cloud solutions that meet business requirements.
- Monitored cloud performance and implemented optimizations that improved response times by 30%.
- Provided technical support and guidance on cloud migration projects.
- Conducted security assessments and implemented best practices for cloud environments.

SOFTWARE DEVELOPER

Digital Innovations LLC

2015 - 2020

- Developed cloud-native applications using Python and Flask, enhancing user engagement.
- Participated in Agile sprints, contributing to product backlog refinement and planning.
- Integrated APIs to extend functionality and improve application interoperability.
- Conducted testing and debugging to ensure application quality and performance.
- Created documentation for cloud solutions to facilitate knowledge sharing.
- Provided support for cloud application deployments and troubleshooting.
