## **EXPERTISE SKILLS**

- Cloud Architecture
- AWS
- Automation
- Infrastructure as Code
- Security
- Performance Tuning
- CI/CD
- Microservices
- Software Development

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Master of Science in Cloud Computing, University of Cloud Technologies

# MICHAEL ANDERSON

## CLOUD ARCHITECT

Dynamic Cloud Reliability Engineer with a unique background in software development and a strong focus on cloud operations. With over 7 years of experience, I specialize in building resilient cloud architectures and implementing strategies that ensure optimal performance. My technical expertise in automation and infrastructure as code has enabled organizations to streamline their deployment processes significantly.

## **PROFESSIONAL EXPERIENCE**

### **FutureTech Solutions**

*Mar 2018 - Present*

#### Cloud Architect

- Designed high-availability cloud architectures, achieving 99.9% uptime for critical applications.
- Developed automation scripts to streamline provisioning processes, reducing manual efforts by 60%.
- Implemented best practices for cloud security, resulting in a 50% reduction in security incidents.
- Collaborated with product teams to ensure alignment between business needs and cloud capabilities.
- Monitored system performance, identifying bottlenecks and optimizing resources accordingly.
- Engaged in strategic planning sessions to align cloud initiatives with company goals.

### **TechWave Inc.**

*Dec 2015 - Jan 2018*

#### Software Engineer

- Developed cloud-native applications, enhancing scalability and performance.
- Participated in the transition to microservices architecture, improving system modularity.
- Conducted code reviews and implemented CI/CD practices, boosting deployment frequency.
- Worked on performance tuning of cloud applications, achieving a 30% reduction in response times.
- Documented technical specifications and deployment processes for future reference.
- Assisted in training new hires on cloud technologies and software development practices.

## **ACHIEVEMENTS**

- Led a project that improved cloud infrastructure efficiency, saving the company \$200,000 annually.
- Received the Employee Excellence Award for contributions to cloud strategy.
- Reduced application failure rates by 20% through targeted improvements.
