- Received 'Excellence in Security Award' for outstanding performance in 2021.

Michael Anderson

CLOUD SECURITY ENGINEER

Experienced Cloud Security Engineer with a unique background in financial services, specializing in protecting sensitive financial data in cloud environments. Over the past 7 years, I have developed a deep understanding of regulatory requirements and security frameworks critical to the finance industry. My role has involved collaborating with auditors and compliance teams to ensure adherence to PCI DSS and other relevant standards.

EXPERIENCE

CLOUD SECURITY ENGINEER

FinSecure Technologies

2016 - Present

- Implemented security controls to protect cloud-based financial applications.
- Conducted risk assessments and audits in compliance with PCI DSS standards.
- Collaborated with compliance teams to ensure alignment with regulatory requirements.
- Led training sessions for staff on cloud security best practices.
- Monitored cloud environments for suspicious activity and security incidents.
- Developed incident response strategies tailored to financial services.

SECURITY ANALYST

Banking Solutions Corp.

2014 - 2016

- Assisted in the assessment of cloud security risks for banking applications.
- Participated in the development of security policies for cloud services.
- Monitored compliance with internal security standards and procedures.
- Conducted vulnerability assessments on cloud-based systems.
- Supported incident response efforts related to security breaches.
- Provided security awareness training to employees across departments.
