SKILLS

- AWS
- Machine Learning
- Data Engineering
- Agile
- Software Development

EDUCATION

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING, COLLEGE OF TECHNOLOGY, 2015

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Led a project team that received the 'Innovation Award' for outstanding cloud solutions.
- Achieved a 40% increase in application efficiency through cloud optimization initiatives.
- Published research on cloud technology trends in a peer-reviewed journal.

Innovative Cloud Software Engineer with a robust background in software engineering and cloud technologies. With over 7 years of experience, I have developed a keen understanding of deploying applications in cloud environments and optimizing them for performance and cost-effectiveness. My expertise includes designing and implementing cloud infrastructures that support business objectives while ensuring security and compliance.

EXPERIENCE

CLOUD APPLICATION DEVELOPER

Smart Cloud Solutions

2016 - Present

- Developed and deployed cloud applications on AWS, achieving a 30% reduction in server costs.
- Implemented machine learning models within cloud applications to enhance functionality.
- Worked with data engineering teams to optimize data pipelines for cloud storage.
- Utilized monitoring tools to track application performance and ensure uptime.
- Participated in agile methodologies to enhance project delivery timelines.
- Collaborated with clients to gather requirements and tailor cloud solutions to their needs.

SOFTWARE ENGINEER

Cloud Dynamics Inc.

2014 - 2016

- Contributed to the development of cloud-based services that increased customer engagement by 25%.
- Worked on integrating third-party services into cloud applications for enhanced user experiences.
- Conducted code reviews and provided feedback to ensure high quality and maintainability.
- Engaged in troubleshooting and optimizing existing cloud applications for better performance.
- Coordinated with cross-functional teams to align development efforts with business goals.
- Facilitated training seminars on new cloud technologies for team members.
