EDUCATION

BACHELOR OF SCIENCE IN BUSINESS INFORMATION SYSTEMS, COLLEGE OF BUSINESS

ACHIEVEMENTS

- Recognized with the Best Project Award for leading a successful cloud migration for a major retail client.
- Boosted customer retention rates by 20% through improved cloud services.
- Achieved a 99.9% uptime for cloud-hosted applications, exceeding client expectations.

CLOUD SOLUTIONS LEAD

Dynamic and strategic Cloud Solutions Architect with 9 years of experience focused on delivering high-performance cloud solutions in the retail industry. My passion for leveraging cloud technology to enhance customer experiences has driven my career, enabling me to lead successful projects that integrate e-commerce platforms with cloud infrastructure. I possess a deep understanding of customer needs and have a knack for translating those needs into actionable cloud strategies.

WORK EXPERIENCE

CLOUD SOLUTIONS LEAD

Retail Cloud Systems

2020 - 2025

- Architected cloud solutions that improved e-commerce uptime by 35%, enhancing customer satisfaction.
- Developed strategies for cloud resource optimization, resulting in a 40% decrease in operational costs.
- Implemented security measures for cloud applications, significantly reducing vulnerabilities.
- Collaborated with marketing teams to deploy cloud-based analytics tools, improving targeted advertising efforts.
- Managed a team of developers in the creation of a cloud-native application, expediting project timelines.
- Conducted training for staff on cloud best practices, fostering a culture of continuous improvement.

CLOUD ARCHITECT

E-commerce Solutions Inc.

2015 - 2020

- Led the migration of critical e-commerce platforms to the cloud, enhancing scalability and performance.
- Architected disaster recovery solutions that improved data protection and recovery speeds by 50%.
- Engaged with clients to gather requirements and ensure successful cloud implementations.
- Utilized monitoring tools to track performance metrics, driving data-informed decision-making.
- Created documentation for cloud processes that improved operational efficiency.
- Participated in strategic planning sessions to align cloud initiatives with business goals.
