## SKILLS

- AWS
- Cloud Architecture
- Automation
- Performance Tuning
- Team Collaboration
- Documentation

## EDUCATION

### BACHELOR OF SCIENCE IN CLOUD COMPUTING

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Led a project that reduced cloud infrastructure costs by 25% through optimization efforts.
- Recognized for exceptional contributions to improving cloud service performance.
- Completed AWS certification, enhancing technical credibility and knowledge.

# Michael Anderson

## CLOUD INFRASTRUCTURE ADMINISTRATOR

Proactive Cloud Systems Administrator with over 6 years of experience in managing cloud services and infrastructure. Expertise in AWS and cloud architecture design, with a focus on cost optimization and performance enhancement. Proven ability to implement automation solutions that streamline operations and improve efficiency. Strong analytical skills, capable of identifying and addressing performance bottlenecks.

## EXPERIENCE

### CLOUD INFRASTRUCTURE ADMINISTRATOR

NextGen Cloud Services

2016 - Present

- Designed and maintained AWS cloud infrastructure that supported a 50% increase in user traffic.
- Automated routine maintenance tasks using CloudFormation and bash scripting.
- Collaborated with development teams to ensure seamless integration of cloud services.
- Conducted performance tuning of cloud applications, leading to a 30% performance boost.
- Monitored system metrics and implemented changes to enhance reliability and uptime.
- Provided technical guidance and support for cloud-related projects across the organization.

### CLOUD SYSTEMS ANALYST

Innovate IT Solutions

2014 - 2016

- Supported the deployment and management of AWS services for various clients.
- Engaged in troubleshooting and resolving cloud service issues in a timely manner.
- Participated in capacity planning to ensure optimal resource allocation.
- Provided training on AWS best practices to internal staff and stakeholders.
- Developed documentation for cloud processes, enhancing team efficiency.
- Assisted in the development of disaster recovery strategies and plans.
