

MICHAEL ANDERSON

COLD CHAIN OPERATIONS MANAGER

PROFILE

An accomplished Cold Chain Horticulture Specialist with over 10 years of experience in the horticultural sector, specializing in the integration of advanced cold chain technologies to enhance product preservation and distribution efficiency. Expertise includes the management of temperature-sensitive horticultural products, ensuring optimal conditions from farm to market. Proven ability to lead teams in the execution of strategic initiatives aimed at improving supply chain performance and product integrity.

EXPERIENCE

COLD CHAIN OPERATIONS MANAGER

EcoFresh Logistics

2016 - Present

- Directed operations for a fleet specializing in cold chain logistics for horticultural goods.
- Implemented a new inventory management system that increased accuracy by 30%.
- Conducted regular training sessions for staff on cold chain best practices.
- Collaborated with quality assurance teams to maintain high standards of product integrity.
- Monitored temperature control equipment to ensure optimal performance.
- Developed contingency plans to mitigate risks in the supply chain.

LOGISTICS COORDINATOR

Harvest Logistics

2014 - 2016

- Coordinated logistics for perishable horticultural products across multiple states.
- Managed relationships with suppliers and transporters to ensure timely delivery.
- Analyzed shipment data to identify inefficiencies and implement solutions.
- Assisted in the development of cold chain documentation and compliance checks.
- Implemented tracking systems to monitor product conditions in transit.
- Supported sales teams with logistics information to enhance customer satisfaction.
