**BACHELOR OF SCIENCE IN URBAN STUDIES, STATE UNIVERSITY, 2012**

### ACHIEVEMENTS

- Received 'Excellence in Urban Development' award from the State Planning Association in 2021.
- Spearheaded a community-led initiative that secured \$300,000 in funding for park renovations.
- Published research on the impact of urban revitalization on community health outcomes.

### PROFILE

Proficient Community Development Officer with extensive experience in urban planning and resource allocation. Recognized for innovative approaches to community revitalization and the implementation of sustainable practices that enhance local living conditions. Strong analytical skills enable effective assessment of community dynamics and the integration of feedback into program design. Demonstrated ability to work collaboratively with governmental and non-governmental organizations, ensuring alignment of strategic objectives.

### EXPERIENCE

#### URBAN DEVELOPMENT MANAGER

##### City Urban Planning Department

*2016 - Present*

- Led urban revitalization projects that improved infrastructure and public spaces across multiple neighborhoods.
- Conducted public consultations to gather community input and foster transparency in planning processes.
- Utilized GIS tools to analyze spatial data and inform decision-making for resource allocation.
- Collaborated with architects and engineers to design community-centric public facilities.
- Managed budgets exceeding \$1 million for community development initiatives.
- Trained staff on community engagement techniques and best practices in urban planning.

#### COMMUNITY PLANNING ASSOCIATE

##### Regional Planning Commission

*2014 - 2016*

- Assisted in the development of regional plans that focused on sustainable land use and community health.
- Facilitated stakeholder workshops to align community goals with regional development strategies.
- Prepared comprehensive reports on community development trends and demographic changes.
- Coordinated inter-agency efforts to address housing and transportation needs.
- Implemented community feedback mechanisms to enhance planning responsiveness.
- Supported grant writing efforts that resulted in significant funding for regional projects.
