Michael Anderson

GERIATRIC COMMUNITY HEALTH NURSE

Compassionate Community Health Nurse with a background in geriatrics and chronic disease management. With 7 years of experience, I specialize in developing care plans that address the unique needs of elderly patients. My approach combines clinical expertise with empathy, ensuring that seniors receive the highest quality of care. I have effectively collaborated with interdisciplinary teams to improve health outcomes and enhance the quality of life for my patients.

EXPERIENCE

GERIATRIC COMMUNITY HEALTH NURSE

Senior Care Solutions

2016 - Present

- Conducted comprehensive assessments for elderly patients, developing tailored care plans.
- Coordinated with family members and healthcare teams to ensure continuity of care.
- Educated patients and caregivers on managing chronic conditions effectively.
- Facilitated support groups for caregivers, enhancing their skills and confidence.
- Utilized telehealth services to monitor patient progress and adjust care plans as necessary.
- Developed and implemented a fall prevention program that reduced incidents by 25%.

COMMUNITY HEALTH NURSE

Local Health Department

2014 - 2016

- Provided health education on chronic disease management to diverse community groups.
- Collaborated with local senior centers to promote health screenings and wellness programs.
- Conducted home visits to assess living conditions and health needs of elderly clients.
- Organized health fairs that provided access to health resources for seniors.
- Advocated for improved access to geriatric care services in the community.
- Utilized health data to identify trends and adjust programs accordingly.
