Experienced Community Research Analyst with a strong background in social justice and community advocacy. Skilled in conducting research that highlights social inequities and informs advocacy efforts for marginalized communities. Proficient in qualitative and quantitative research methodologies, with a focus on participatory action research. Committed to utilizing research as a tool for social change and community empowerment.

WORK EXPERIENCE

Social Justice Research Analyst   2020-2023

Equity and Justice Coalition

- Conducted research to assess the impact of social policies on marginalized communities.
- Utilized participatory action research methods to engage community members.
- Collaborated with advocacy groups to develop research-driven policy recommendations.
- Facilitated community discussions to gather qualitative insights on social issues.
- Authored reports that informed local advocacy initiatives.
- Managed research projects, ensuring alignment with organizational goals and community needs.

Research Intern   2019-2020

Community Advocacy Project

- Assisted in the analysis of data related to social inequities and community needs.
- Conducted surveys to gather community input on advocacy issues.
- Collaborated with community leaders to identify priorities for research.
- Developed outreach materials to promote community engagement in advocacy.
- Facilitated workshops to educate community members on social justice issues.
- Compiled research findings into reports for dissemination to stakeholders.

ACHIEVEMENTS

- Increased awareness of social inequities through community workshops by 50%.
- Received the Social Justice Award for contributions to community advocacy.
- Published impactful research that informed state-level policy changes.
