### EDUCATION

DOCTOR OF MEDICINE (MD), JOHNS HOPKINS UNIVERSITY, 2012

### ACHIEVEMENTS

- Increased patient engagement in care plans by 35% through effective communication and education.
- Published research on fall prevention strategies in aging populations, contributing to national guidelines.
- Received the 'Excellence in Geriatric Care' award from the local health authority.

### PROFILE

Compassionate and detail-oriented Comprehensive Care Physician with a focus on geriatric medicine and chronic disease management. With 8 years of experience in treating older adults, I am skilled at assessing complex medical conditions and tailoring treatment plans to enhance quality of life. I have a proven track record of building strong relationships with patients and their families, ensuring that care is both personalized and respectful.

### EXPERIENCE

#### GERIATRIC COMPREHENSIVE CARE PHYSICIAN

##### Senior Health Services

2016 - Present

- Conducted comprehensive evaluations and created individualized care plans for elderly patients with multiple comorbidities.
- Collaborated with family members to discuss treatment options and address concerns regarding patient care.
- Utilized telemedicine technology to provide accessible care to homebound patients.
- Led interdisciplinary team meetings to coordinate care and optimize health outcomes for geriatric patients.
- Implemented fall prevention programs that reduced incidence rates by 40% in the patient population.
- Educated patients and families on medication management and lifestyle adjustments for chronic conditions.

#### COMPREHENSIVE CARE PHYSICIAN

##### Community Health Network

2014 - 2016

- Provided comprehensive care for patients of all ages, with an emphasis on preventive health and chronic disease management.
