EDUCATION

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING, COLLEGE OF TECHNOLOGY

ACHIEVEMENTS

- Successfully launched three mobile applications, each achieving over 4.5-star ratings on app stores.
- Received 'Best New Developer' award for outstanding contributions to app development projects.
- Improved application performance metrics leading to increased user satisfaction ratings.

PROFILE

Enthusiastic Computer Software Engineer with 5 years of experience specializing in mobile application development. Proven ability to deliver user-friendly applications for both iOS and Android platforms. Strong knowledge of mobile frameworks such as React Native and Flutter. Adept at collaborating with UX/UI designers to create intuitive interfaces that enhance user engagement.

EXPERIENCE

MOBILE SOFTWARE ENGINEER

Tech Solutions Co.

2016 - Present

- Developed and maintained mobile applications using React Native, achieving over 100,000 downloads within the first year.
- Collaborated with designers to implement UX/UI improvements that boosted user retention by 25%.
- Integrated third-party APIs to enhance app functionality and performance.
- Conducted user testing sessions to gather feedback and iteratively improve app features.
- Optimized app performance leading to a 30% reduction in crash reports.
- Documented code and processes to ensure maintainability and knowledge transfer within the team.

JUNIOR SOFTWARE DEVELOPER

Innovatech Labs

2014 - 2016

- Assisted in the development of a cross-platform mobile application, contributing to all stages of the software lifecycle.
- Utilized Flutter to create responsive designs that adapt seamlessly across devices.
- Participated in daily stand-ups and sprint planning to ensure alignment with project goals.
- Resolved bugs and implemented feature requests in a timely manner, enhancing software quality.
- Collaborated with QA teams for comprehensive testing and quality assurance.
- Contributed to team knowledge base with documentation and best practice guides.
