- Recognized for outstanding performance during the internship program.

WORK EXPERIENCE

WEB DEVELOPER
Web Solutions Inc.
2020 - 2025

- Developed responsive websites using HTML, CSS, and JavaScript, improving load times by 40%.
- Collaborated with designers to implement user-friendly interfaces and enhance user engagement.
- Utilized Node.js for back-end development, optimizing server response times.
- Participated in code reviews, contributing to improved code quality and maintainability.
- Implemented web analytics tools to monitor user behavior and application performance.
- Assisted in the migration of legacy applications to modern frameworks, enhancing functionality.

JUNIOR WEB DEVELOPER
Creative Technologies
2015 - 2020

- Supported the development of web applications, contributing to both front-end and back-end tasks.
- Learned and applied best practices in web development, focusing on performance and security.
- Worked with APIs to integrate external services into web applications.
- Assisted in user testing, gathering feedback to inform future development cycles.
- Maintained website content and performance, ensuring optimal user experience.
- Documented development processes, creating resources for team knowledge sharing.
