# MICHAEL ANDERSON

## PROJECT MANAGER, CONNECTED DEVICES

Visionary Connected Medical Devices Specialist with extensive experience in the healthcare technology sector, focusing on the strategic deployment of connected devices to enhance patient outcomes. Proven ability to navigate complex regulatory landscapes while ensuring that devices meet stringent safety and efficacy standards. Strong background in project management, overseeing the lifecycle of connected medical devices from conception through to market launch.

## PROFESSIONAL EXPERIENCE

### **NextGen Medical Solutions**

*Mar 2018 - Present*

Project Manager, Connected Devices

- Directed cross-functional teams in the launch of connected medical devices.
- Established project timelines, budgets, and resource allocation strategies.
- Engaged with stakeholders to ensure alignment on project goals and deliverables.
- Monitored project progress and implemented corrective actions as needed.
- Facilitated workshops to train staff on device implementation and usage.
- Evaluated device performance post-launch to identify areas for enhancement.

### **SmartHealth Technologies**

*Dec 2015 - Jan 2018*

Device Integration Specialist

- Led initiatives to integrate connected devices into electronic health record systems.
- Worked with IT to ensure cybersecurity measures were in place for device data.
- Conducted user acceptance testing to validate device functionality.
- Reported on device usage statistics to inform future development.
- Collaborated with clinical staff to refine device features based on user feedback.
- Provided ongoing technical support and training for healthcare teams.

## ACHIEVEMENTS

- Managed the successful launch of a connected device that increased patient engagement by 50%.
- Recognized for excellence in project management with a company-wide award.
- Initiated a partnership that expanded device accessibility to underserved populations.
