## **EXPERTISE SKILLS**

- Software development
- system testing
- data security
- cloud computing
- project coordination
- performance analysis

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Bachelor of Science in Computer Science, Georgia Tech

# MICHAEL ANDERSON

## CONNECTED VEHICLE SYSTEMS DEVELOPER

Accomplished Connected Vehicle Engineer with comprehensive expertise in automotive technology, specializing in the integration of connectivity solutions for enhanced vehicle performance and safety. Over 6 years of experience in the automotive industry, focusing on developing innovative systems that support the growing demand for vehicle connectivity and automation.

## **PROFESSIONAL EXPERIENCE**

### **EcoDrive Technologies**

*Mar 2018 - Present*

Connected Vehicle Systems Developer

- Engineered software solutions for connected vehicle applications.
- Conducted system testing and validation to ensure optimal functionality.
- Collaborated with cross-functional teams to define product specifications.
- Implemented data security measures to protect user information.
- Analyzed performance metrics to enhance system efficiency.
- Contributed to the development of a cloud-based vehicle management system.

### **Future Mobility Corp.**

*Dec 2015 - Jan 2018*

Junior Connected Vehicle Engineer

- Assisted in the design of vehicle connectivity features for new models.
- Participated in user acceptance testing to gather feedback and improve designs.
- Supported the integration of telematics systems with existing infrastructure.
- Conducted research on emerging connected vehicle technologies.
- Collaborated with engineers to troubleshoot and resolve technical issues.
- Documented system specifications and user manuals for training purposes.

## **ACHIEVEMENTS**

- Improved system performance by 25% through optimization efforts.
- Received a merit award for excellence in project execution.
- Contributed to a patent application for an innovative connectivity solution.
