ACHIEVEMENTS

- Achieved a 25% increase in compliance audit scores over three years.
- Recognized for developing a compliance mentorship program that improved team competency.
- Successfully navigated a major regulatory review, resulting in zero violations noted.

PROFILE

Dynamic and results-driven Construction Compliance Officer with extensive expertise in managing compliance frameworks within large-scale construction projects. Proven ability to navigate complex regulatory environments while ensuring project deliverables meet both safety and quality standards. Adept at fostering collaborative relationships with stakeholders, regulatory bodies, and internal teams to drive compliance initiatives forward.

EXPERIENCE

COMPLIANCE MANAGER

Global Builders Inc.

2016 - Present

- Led compliance efforts for multimillion-dollar construction projects across multiple states.
- Established and enforced compliance policies in alignment with corporate objectives.
- Conducted comprehensive risk assessments to preemptively identify compliance issues.
- Collaborated with legal teams to address compliance-related disputes.
- Supervised a team of compliance officers to ensure effective implementation of policies.
- Presented compliance findings to executive leadership and recommended improvements.

FIELD COMPLIANCE OFFICER

ConstructCo

2014 - 2016

- Ensured adherence to safety regulations on job sites through regular inspections.
- Provided guidance to project teams on regulatory compliance requirements.
- Documented and reported compliance violations to management promptly.
- Developed site-specific compliance checklists to streamline inspections.
- Trained subcontractors on compliance expectations and safety standards.
- Participated in incident investigations to determine compliance failures and corrective actions.
