Proficient Construction Estimator with a strong background in industrial construction, offering over 11 years of experience in cost estimation and project management. Expertise in large-scale industrial projects with a focus on accuracy and efficiency in estimating processes. Proven ability to collaborate with engineering teams and contractors to deliver projects that meet client specifications and budgetary requirements.

WORK EXPERIENCE

Industrial Estimator 2020-2023

Industrial Solutions Group

- Developed detailed cost estimates for large-scale industrial construction projects.
- Collaborated with project managers to assess project scope and budget.
- Utilized advanced estimating software to enhance accuracy and reduce turnaround time.
- Engaged with subcontractors to validate pricing and scope of work.
- Reviewed project plans and specifications for accurate cost assessment.
- Provided mentorship to junior estimators on industry best practices.

Cost Estimator 2019-2020

Manufacturing Builders Co.

- Prepared cost estimates for industrial projects, focusing on efficiency and accuracy.
- Conducted site visits to assess project conditions and requirements.
- Maintained project documentation and records for auditing purposes.
- Supported senior estimators in bid preparation and submission.
- Analyzed market trends to inform pricing strategies.
- Participated in client meetings to discuss project budgets and expectations.

ACHIEVEMENTS

- Successfully estimated projects valued at over $300 million.
- Recognized for outstanding performance in project delivery and client satisfaction.
- Implemented a new estimating process that improved accuracy by 20%.
