

MICHAEL ANDERSON

LEAD PROJECT MANAGER

PROFILE

Accomplished Construction Management Consultant specializing in high-stakes infrastructure projects with a robust foundation in civil engineering principles. Demonstrated proficiency in managing multidisciplinary teams and coordinating complex project schedules, ensuring seamless execution from conception to completion. Expertise in leveraging cutting-edge technologies and construction methodologies to optimize project delivery and enhance operational productivity.

EXPERIENCE

LEAD PROJECT MANAGER

Infrastructure Solutions Group

2016 - Present

- Oversaw the development of a \$75M highway expansion project, enhancing regional connectivity.
- Implemented BIM technology to improve design accuracy and reduce rework by 25%.
- Managed a diverse team of engineers and contractors, ensuring alignment with project objectives.
- Conducted feasibility studies to assess project viability and risk factors.
- Presented project updates to executive stakeholders, ensuring transparency and accountability.
- Championed sustainable building practices, achieving LEED certification for the project.

ASSISTANT PROJECT COORDINATOR

Metro Construction Services

2014 - 2016

- Supported project management activities for a \$30M urban redevelopment initiative.
- Coordinated procurement processes, ensuring timely delivery of materials.
- Assisted in developing project timelines and budgets, achieving on-time performance.
- Facilitated communication between stakeholders, enhancing project collaboration.
- Analyzed project data to identify inefficiencies and recommend improvements.
- Participated in safety audits, contributing to a 50% reduction in safety violations.

SKILLS

- Infrastructure Management
- BIM Technology
- Team Coordination
- Feasibility Analysis
- Client Relations
- Sustainable Practices

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN CIVIL
ENGINEERING, MASSACHUSETTS
INSTITUTE OF TECHNOLOGY

ACHIEVEMENTS

- Received the 'Excellence in Project Management' award from the American Society of Civil Engineers.
- Successfully led a project that won the 'Best Infrastructure Project' award at the National Construction Awards.
- Increased overall project efficiency by 30% through process improvements and technology integration.
