WORK EXPERIENCE

Industrial Construction Operative

2020-2023

Heavy Industries Corp.

- Assisted in the construction of large manufacturing facilities, ensuring compliance with safety protocols.
- Operated cranes and forklifts to move materials and equipment across the site.
- Collaborated with engineers to implement design specifications accurately.
- Conducted site inspections to ensure quality and adherence to project schedules.
- Maintained equipment and tools to ensure operational readiness.
- Participated in safety drills and training to promote a culture of safety on site.

Construction Operative

2019-2020

Global Construction Services

- Supported the construction of heavy industrial projects, focusing on structural integrity.
- Utilized advanced machinery to enhance construction efficiency.
- Documented project progress and reported on daily activities to supervisors.
- Assisted in the installation of HVAC systems and other mechanical systems.
- Worked collaboratively with various teams to ensure project milestones were met.
- Engaged in continuous improvement initiatives to optimize work processes.

ACHIEVEMENTS

- Contributed to the successful completion of a \$5 million manufacturing facility ahead of schedule.
- Recognized for outstanding teamwork with a company award.
- Implemented a maintenance schedule that reduced equipment downtime by 15%.
