

MICHAEL ANDERSON

LEAD COST ANALYST

PROFILE

Distinguished Construction Project Controls Analyst with a robust background in financial oversight and project governance. Expertise in implementing state-of-the-art project control frameworks that enhance project visibility and accountability. A history of driving cost efficiencies through rigorous analysis and strategic planning, ensuring optimal resource utilization. Skilled in utilizing contemporary project management tools, including Earned Value Management (EVM) systems, to track project performance and forecast future trends.

EXPERIENCE

LEAD COST ANALYST

MegaBuild Enterprises

2016 - Present

- Directed the financial planning and analysis for large-scale construction projects.
- Established cost control processes that resulted in a 25% decrease in budget variances.
- Collaborated with engineering teams to assess project feasibility and cost implications.
- Conducted monthly financial reviews and presented findings to executive leadership.
- Oversaw the integration of cost management software to streamline reporting processes.
- Provided mentorship to junior analysts, enhancing team capabilities and performance.

PROJECT CONTROLS COORDINATOR

Urban Developments Inc.

2014 - 2016

- Supported project managers in developing and maintaining project schedules and budgets.
- Conducted thorough cost-benefit analyses to guide project decision-making.
- Monitored project progress and prepared reports for stakeholders to ensure alignment.
- Facilitated risk assessments and developed mitigation plans to address potential issues.
- Engaged with subcontractors to manage costs and performance expectations.
- Utilized advanced data analytics to identify trends and improve project outcomes.
