MICHAEL ANDERSON

QUALITY MANAGEMENT SUPERVISOR

Highly skilled Construction Quality Engineer with a decade of experience in the residential and commercial construction sectors. Proficient in developing quality assurance frameworks, conducting audits, and ensuring compliance with safety and quality regulations. Known for a meticulous approach to quality management and a strong commitment to achieving project goals without compromising on quality.

PROFESSIONAL EXPERIENCE

Premier Builders LLC

Mar 2018 - Present

Quality Management Supervisor

- Supervised a team of quality inspectors on multiple residential projects.
- Designed and implemented quality management strategies that enhanced project outcomes.
- Conducted regular audits and inspections to ensure compliance with safety standards.
- Analyzed quality data to identify trends and areas for improvement.
- Facilitated workshops to promote a quality-centric culture amongst staff.
- Collaborated with architects and engineers to address quality concerns.

BuildRight Contractors

Dec 2015 - Jan 2018

Construction Quality Inspector

- Inspected construction sites to ensure adherence to quality and safety regulations.
- Reviewed project plans and specifications for quality requirements.
- Identified defects and non-compliance issues, reporting them promptly.
- Maintained communication with project teams to resolve quality issues.
- Documented inspection findings and prepared detailed reports.
- Participated in safety and quality training sessions for field staff.

ACHIEVEMENTS

- Led a quality initiative that reduced rework costs by 20% over two years.
- Received the 'Quality Champion' award for outstanding contributions in 2021.
- Successfully implemented a quality improvement program recognized by industry peers.
