ACHIEVEMENTS

- Improved safety training participation rates by 40% through engaging and interactive workshops.
- Recognized as 'Employee of the Year' for outstanding contributions to safety in 2019.
- Played a key role in achieving a 'zero accidents' milestone for two consecutive years.

PROFILE

With a solid foundation in construction safety management, I bring over 10 years of experience as a Construction Safety Engineer, specializing in residential and commercial projects. My career began as a safety technician, where I quickly learned the importance of a proactive safety culture.

EXPERIENCE

CONSTRUCTION SAFETY MANAGER

Global Builders Group

2016 - Present

- Designed and executed comprehensive safety management systems across multiple construction sites.
- Led the safety team in conducting risk assessments and safety audits, achieving compliance with state regulations.
- Implemented a new safety training initiative that improved employee engagement and knowledge retention.
- Directed incident investigations and developed corrective action plans to prevent future occurrences.
- Coordinated with subcontractors to ensure adherence to safety policies on all project sites.
- Managed safety-related documentation and reporting for internal and external stakeholders.

SAFETY TECHNICIAN

Home Safe Construction

2014 - 2016

- Assisted in the implementation of safety protocols for residential construction projects.
- Conducted on-site safety inspections and provided recommendations for improvements.
- Engaged workers in safety discussions, fostering a culture of communication around hazards.
- Trained new employees on safety equipment usage and emergency procedures.
- Maintained records of safety incidents and reported findings to management.
- Participated in safety committee meetings to discuss and strategize on safety initiatives.
