MICHAEL ANDERSON

PROJECT SURVEYOR

Strategic Construction Surveyor with an extensive background in large-scale commercial projects, bringing over 12 years of experience in site surveying and project coordination. Expertise in employing cutting-edge surveying technologies to enhance precision and efficiency in measurement and data collection. Adept at collaborating with architects and engineers to ensure seamless integration of surveying data into project plans.

PROFESSIONAL EXPERIENCE

Global Construction Corp.

Mar 2018 - Present

Project Surveyor

- Managed survey operations for high-profile commercial developments, ensuring adherence to project specifications.
- Utilized 3D laser scanning technology to enhance data accuracy and visualization.
- Collaborated with project teams to integrate surveying data into architectural designs.
- Conducted site assessments to evaluate conditions and potential challenges.
- Developed and maintained project documentation, including survey reports and compliance records.
- Provided training on the use of advanced surveying equipment to project staff.

Premier Surveying Services

Dec 2015 - Jan 2018

Assistant Surveyor

- Supported senior surveyors in conducting boundary and topographic surveys for commercial sites.
- Operated surveying equipment and collected data for various construction projects.
- Assisted in preparing survey drawings and reports using CAD software.
- Performed fieldwork to verify site conditions and assist with data analysis.
- Coordinated with construction teams to ensure accurate site layout.
- Maintained project records and documentation for regulatory compliance.

ACHIEVEMENTS

- Led a project that was awarded 'Best Commercial Development' by the local construction association in 2021.
- Implemented a new survey data management system that improved efficiency by 30%.
- Recognized for exemplary safety record, achieving zero incidents over a two-year period.
