EDUCATION

DOCTOR OF MEDICINE (MD), CHILD AND ADOLESCENT PSYCHIATRY, CENTRAL MEDICAL UNIVERSITY, 2014

ACHIEVEMENTS

- Developed a mental health awareness campaign that reached over 5,000 community members.
- Recognized for clinical excellence by the National Child Psychiatry Association in 2021.
- Published article on the importance of early intervention in youth mental health in a leading journal.

PROFILE

I am a results-driven Consultant Psychiatrist specializing in child and adolescent mental health. With over 8 years of experience, I have developed expertise in diagnosing and treating a variety of psychological conditions affecting youth. My approach is holistic, focusing on the emotional, social, and educational needs of my patients. I believe in fostering strong relationships with both my patients and their families, which is crucial for effective treatment.

EXPERIENCE

CHILD PSYCHIATRIST

Youth Mental Health Clinic

2016 - Present

- Performed over 150 psychiatric assessments for children and adolescents each year.
- Developed tailored therapeutic interventions based on individual patient needs.
- Collaborated with schools to create supportive environments for students with mental health challenges.
- Conducted family therapy sessions to enhance communication and coping strategies.
- Trained staff on recognizing and addressing mental health issues in school settings.
- Participated in community outreach programs to promote mental health awareness.

PSYCHIATRIC RESIDENT

General Hospital

2014 - 2016

- Assisted in managing a diverse patient population in the pediatric unit.
- Conducted initial evaluations and assessments under supervision.
- Gained hands-on experience in various therapeutic modalities, including CBT and play therapy.
- Participated in weekly case conferences to discuss treatment strategies.
- Engaged in research on adolescent depression and its treatment outcomes.
- Contributed to the development of a patient education program on mental health issues.
