

MICHAEL ANDERSON

SENIOR COPPER ARTISAN

PROFILE

Accomplished Copper Craft Artisan with extensive expertise in the fabrication and finishing of copper products, leveraging a rich background in traditional craft methodologies. This professional has cultivated a reputation for innovative design and exceptional craftsmanship, translating artistic vision into tangible, high-quality products that exemplify the beauty of copper. A strategic thinker, adept at managing complex projects from inception through to completion, ensuring alignment with client objectives and timelines.

EXPERIENCE

SENIOR COPPER ARTISAN

Heritage Metalworks

2016 - Present

- Led the design and fabrication of custom copper fixtures for luxury hotels.
- Established quality assurance protocols to elevate craftsmanship standards.
