EXPERTISE SKILLS

- Cost modeling
- ERP systems
- Variance analysis
- Collaboration
- Manufacturing processes
- Training

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Industrial Engineering, Institute of Technology

MICHAEL ANDERSON

COST ESTIMATOR MANAGER

Strategic and detail-oriented Cost Estimator with extensive experience in the manufacturing sector, particularly in the automotive industry. Demonstrated proficiency in developing comprehensive cost models that integrate material, labor, and overhead expenses. Known for leveraging advanced ERP systems to streamline the estimation process and reduce lead times. Proven ability to work collaboratively with engineering and production teams to ensure cost-effective designs and manufacturing processes.

PROFESSIONAL EXPERIENCE

AutoTech Manufacturing

Mar 2018 - Present

Cost Estimator Manager

- Managed cost estimation processes for new automotive projects.
- Developed comprehensive cost models using advanced ERP tools.
- Collaborated with engineering teams to ensure design feasibility within budget.
- Conducted variance analysis to identify and mitigate cost overruns.
- Presented cost estimates to senior management for strategic decision-making.
- Trained junior estimators on best practices and estimation techniques.

Precision Parts Co.

Dec 2015 - Jan 2018

Cost Estimator

- Prepared cost estimates for precision components in automotive manufacturing.
- Analyzed material costs and labor rates to provide accurate estimates.
- Worked closely with production teams to optimize cost efficiency.
- Reviewed supplier quotes to ensure competitive pricing.
- Maintained detailed records of estimating processes and outcomes.
- Assisted in the development of cost-saving initiatives.

ACHIEVEMENTS

- Achieved a 15% reduction in material costs through effective negotiation.
- Recognized for outstanding performance in cost management by the company board.
- Implemented a new estimating protocol that improved accuracy by 25%.
