EDUCATION

BACHELOR OF ARTS IN CRIMINOLOGY, UNIVERSITY OF CALIFORNIA, BERKELEY

ACHIEVEMENTS

- Awarded the FBI Director's Award for exceptional performance in intelligence operations.
- Instrumental in reducing gang violence by 25% through targeted intelligence initiatives.
- Developed a widely adopted crime analysis framework used by multiple jurisdictions.

PROFILE

Highly analytical Criminal Intelligence Analyst with a robust background in leveraging statistical methodologies and criminology principles to develop actionable insights. Engages in thorough investigations that require a keen understanding of criminal behavior patterns and socioeconomic factors influencing crime. Skilled in synthesizing complex data into coherent narratives, enhancing the strategic capabilities of law enforcement agencies.

EXPERIENCE

SENIOR CRIMINAL INTELLIGENCE ANALYST

FBI

2016 - Present

- Led intelligence operations focusing on transnational crime syndicates and their local affiliates.
- Utilized predictive analytics to foresee potential criminal activities and allocate resources effectively.
- Collaborated with international law enforcement to share intelligence and best practices.
- Designed and implemented a database management system for tracking intelligence operations.
- Conducted workshops to train agents on the latest analytical tools and techniques.
- Authored intelligence assessments that guided national security policies.

INTELLIGENCE ANALYST

State Police Department

2014 - 2016

- Conducted detailed analysis of crime reports to identify patterns and inform patrol strategies.
- Utilized social media analytics to monitor gang activities and public sentiment.
- Produced weekly intelligence briefs for law enforcement leadership.
- Participated in community outreach initiatives to educate the public on crime prevention.
- Assisted in the development of crime mapping tools to visualize data trends.
- Collaborated with community organizations to address root causes of crime.
