SKILLS

- Crop Monitoring
- Data Analysis
- Soil Science
- Precision Agriculture
- Research Methods
- Stakeholder Collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE,
UNIVERSITY OF FLORIDA**

ACHIEVEMENTS

- Contributed to a 30% increase in crop yield through innovative practices.
- Received a commendation for outstanding research contributions.
- Published findings in an agricultural research journal.

WORK EXPERIENCE

CROP MONITORING SPECIALIST

AgroTech Dynamics

2020 - 2025

- Monitored crop conditions using advanced data collection technologies.
- Analyzed soil samples to provide recommendations for fertilization.
- Collaborated with farmers to implement precision agriculture solutions.
- Utilized software tools to track crop health metrics over time.
- Conducted research on the impact of climate on crop yield.
- Presented findings to agricultural committees to influence policy changes.

AGRICULTURAL RESEARCH ASSISTANT

Sustainable Farms Initiative

2015 - 2020

- Assisted in field trials to evaluate crop varieties for resilience.
- Conducted surveys to gather data on farming practices.
- Analyzed data to support research on sustainable agriculture.
- Provided technical support for data collection tools.
- Engaged with local farmers to share research findings.
- Drafted reports on research outcomes for stakeholders.
