# MICHAEL ANDERSON

## MOBILE DEVELOPER

Driven and detail-oriented Cross Platform Mobile Developer with 4 years of experience in the tech industry, specializing in building cross-platform applications using Flutter and React Native. My passion for technology is complemented by a strong foundation in computer science principles, allowing me to create applications that are not only functional but also user-friendly.

## PROFESSIONAL EXPERIENCE

### **NextGen Apps**

*Mar 2018 - Present*

Mobile Developer

- Developed and launched multiple cross-platform applications, achieving over 50,000 downloads.
- Worked with a team to implement new features based on user feedback, enhancing user experience.
- Utilized Git for version control, ensuring efficient collaboration and code management.
- Conducted performance testing, identifying bottlenecks and improving app efficiency.
- Created detailed documentation for all projects, facilitating knowledge sharing within the team.
- Engaged in client meetings to understand requirements and provide technical expertise.

### **Tech Start-Up**

*Dec 2015 - Jan 2018*

Junior Developer

- Assisted in developing mobile applications using Flutter, contributing to a 20% increase in user engagement.
- Participated in sprint planning and retrospectives, ensuring continuous improvement.
- Worked on debugging and troubleshooting existing applications, enhancing stability.
- Collaborated with designers to create responsive UI components.
- Attended workshops to improve programming skills and stay updated with new technologies.
- Contributed to open-source projects, gaining valuable experience in community collaboration.

## ACHIEVEMENTS

- Received 'Rising Star' award for outstanding contributions in the first year.
- Successfully led a project that increased app ratings by 4 stars.
- Created a blog on mobile development that gained 1000+ followers in 6 months.
