MICHAEL ANDERSON

E-COMMERCE CSS DEVELOPER

Results-driven CSS Developer with specialized knowledge in e-commerce platforms and web applications. Over 6 years of experience in designing and implementing CSS solutions that meet business goals and enhance user experience. Proven track record of working alongside product managers and designers to create functional and appealing websites that drive conversions. Strong understanding of web standards and best practices in coding, with an emphasis on performance and accessibility.

PROFESSIONAL EXPERIENCE

ShopSmart Technologies   *Mar 2018 - Present*
E-Commerce CSS Developer

- Developed and maintained CSS styles for an e-commerce platform, improving user interface and navigation.
- Implemented best practices in responsive design, increasing mobile sales by 35%.
- Collaborated with marketing teams to create promotional landing pages with high conversion rates.
- Monitored website performance and optimized CSS for faster load times.
- Conducted usability testing and made iterative design improvements based on user feedback.
- Integrated customer feedback into design processes to enhance user satisfaction.

NextGen Solutions   *Dec 2015 - Jan 2018*
Junior Web Developer

- Assisted in the development and styling of client websites using CSS and HTML.
- Worked closely with designers to implement creative concepts into functional layouts.
- Conducted quality assurance testing to ensure design consistency across browsers.
- Participated in team meetings to discuss project progress and roadblocks.
- Learned to use CSS frameworks to streamline development processes.
- Maintained documentation of coding standards and processes for future reference.

ACHIEVEMENTS

- Increased site traffic by 50% through a successful redesign of the website interface.
- Achieved a 'Best User Experience' award from a leading industry publication.
- Contributed to a project that boosted conversion rates by 20% within three months.
