MICHAEL ANDERSON

CYBER RISK ANALYST

Ambitious Cyber Risk Analyst with a diverse background in technology and risk management, focusing on the retail industry. With over 4 years of experience, I have honed my skills in identifying potential cybersecurity threats and developing effective risk mitigation strategies. My expertise lies in performing risk assessments, conducting penetration testing, and ensuring compliance with data protection regulations.

PROFESSIONAL EXPERIENCE

RetailSafe Solutions   *Mar 2018 - Present*
Cyber Risk Analyst

- Conducted risk assessments to identify vulnerabilities within retail systems and online platforms.
- Assisted in the development of security policies to protect customer data and payment information.
- Utilized tools like OWASP ZAP and Burp Suite for penetration testing and vulnerability scanning.
- Collaborated with IT teams to implement security measures that reduced fraud incidents.
- Provided security awareness training for employees to mitigate insider threats.
- Contributed to a 25% reduction in data breaches through proactive security measures.

E-Commerce Innovations   *Dec 2015 - Jan 2018*
IT Security Specialist

- Supported the development of an information security framework to safeguard online transactions.
- Conducted security audits and assessments to ensure compliance with PCI DSS.
- Monitored network traffic to detect and respond to potential security incidents.
- Collaborated with vendors to implement secure payment processing solutions.
- Prepared reports on security incidents and recommended improvements to management.
- Awarded 'Employee of the Month' for outstanding contributions to security initiatives.

ACHIEVEMENTS

- Implemented new security protocols that decreased payment fraud by 30% over two years.
- Recognized for excellence in service delivery and awarded 'Best Newcomer' in 2019.
- Successfully led a project that enhanced the security of e-commerce platforms, increasing customer trust.
